

UND Aerospace Aviation Family Weekend

Student Currency/Proficiency Report

To be dispatched an aircraft for a Family Flight (without a flight instructor on board), the following tasks must have been satisfactorily completed within **30 days** prior to the flight (March 24, 2017 or later).

These tasks must be completed in the same make and model of aircraft to be flown on Family Weekend. The tasks may be incorporated into existing flight lessons and may be completed on separate flights and on separate days.

Students are required to have a current UND wind endorsement sufficient for the winds occurring during time of the flight (12 knots crosswind maximum).

Bring this completed report to the Family Weekend SOF before you get dispatched your aircraft.

Student Name (Print) _____

Flight Task	Number Completed	Date Completed
Maneuvering During Slow Flight		
Power-off Stall		
Power-on Stall		
Engine Failure in Flight		
Go-Around in the Traffic Pattern		
Normal Landings (5 minimum)		
Crosswind Landings (5 minimum)		

Aircraft Type
