**Odegard Scholarship:** Allocations from this endowment shall be used to provide scholarships to computer science majors with junior or senior status who maintain a 3.5 grade point average or greater, and demonstrate service and leadership to the Computer Science Department.

**Rockwell Collins Scholarship:** Allocations from this endowment shall be used to provide scholarships for high achieving and qualified undergraduate students majoring in Computer Science at the JDOSAS. Recipients shall maintain a 3.0 GPA or better and be a sophomore or junior in academic standing. Preference shall be given to women and minority students who meet these criteria. The student should be available to accept, if offered, at minimum, one Rockwell Collins co-op or internship prior to completion of degree. The student should also serve as an ambassador for Rockwell Collins and participate in organized Rockwell Collins activities as appropriate.

**Joel Lovelein Scholarship:** This endowment shall be used to provide one or more academic scholarships to qualified undergraduate students within the Computer Science Department at the University of North Dakota.

**Microsoft Scholarships:** All Computer Science majors are invited to apply for these scholarships. Selection will be based on a number of criteria including: strength of commitment to the Computer Science major, enrollment information, academic performance, quality of the application, and involvement in extracurricular activities. Qualifications required: Each applicant must be a UND undergraduate or graduate student who has formally declared a computer science major, and who has completed or is enrolled in CSci 161 Computer Science II. First semester graduate students are NOT eligible for this scholarship.

**Who is eligible?**

All full-time students at the University of North Dakota who meet the above criteria are eligible. Scholarship recipients receiving financial aid or other University scholarships need to be aware that their scholarship award may be applied towards the repayment of their student loans (if any). If you receive a scholarship, these details will be worked out in conjunction with the UND Student Financial Aid Office.
How do you apply?

Complete the Computer Science Department scholarship application which is available on the department’s homepage (www.cs.und.edu). Please attach an unofficial transcript and a resume with your application.

Submit your application, transcript, and resume to the secretary in Room 201, Streibel Hall, no later than 4:30 PM on Wednesday, October 22, 2014.

How does the selection process work?

The applications will be reviewed by a committee of computer science faculty who will select qualifying nominees or winners for each available scholarship. Selection will be based on a number of criteria including: enrollment information, academic performance, quality of the application, involvement in extracurricular activities, and your resume.

Scholarships will be presented during the Computer Science Department Banquet on November 7, 2014 at the Ramada Inn. Ceremonies will begin at 5:30. You will need to RSVP to Kelsey Weber in Streibel Hall Room 201 or call 701-777-4107.

I wish to be considered for the following scholarships:

Odegard

Rockwell Collins

Microsoft

Joel Lovelein
Describe your involvement in Computer Science or other organizations. (Note offices held and/or your role in major projects.)

List any awards, scholarships or any special recognition you have received in the past three years.

Briefly describe your career goals and how receiving a scholarship might help you achieve those goals.

“I authorize the Computer Science Department to review my academic record.”
